Section 2. ELECTION OF MEMBERS. The following, and no others, shall be eligible for election as members of the Society.

The total election from any class shall not exceed 10 percent of those who will be candidates for graduation. It shall be left to the discretion of the society to apply these quotas either to the institution as a whole or to each of the several faculties that comprise the institution. Election of the full 10 percent is not mandatory.

b) Anyone in residence who is an active member of the teaching, administrative, research, or extension staff of Loyola College, who is a graduate of a four year course in a collegiate institution of recognized standing and whose scholastic record as an undergraduate would have rendered him eligible for election to membership, or who has attained a position of distinction in his field of work.

Only members of the staff of Loyola College may vote in the election of candidates belonging to such staff.

c) The selection of Loyola College alumni for election to membership shall be made on the basis of outstanding achievements since graduation and of a high scholastic record while in college, with an increasing emphasis upon the former as the period after graduation becomes longer. No more than an average of three from each class year may be selected.

Section 3. All elections to membership shall be by ballot. An affirmative vote of three-fourths of the active members present and eligible to vote at an election of new members shall be necessary for the election of any person to membership.
